SYSTEM PUT INTO "Y" CAMPAIGN

Association Hopes to Do Great
Work Among Employees
of Factories.

Organization work for the approach-
ing Y. M. C. A. drive will progress
rapidly from now on. A staff of clerical
workers is busy engaged making
out the campaign cards.

All names are listed on cards which are
distributed among the team captains and workers
so that each active worker in the cam-
paign will know exactly whom he is to
see and prevent overlapping of effort.

The team captains and their workers
will be announced in a few days. L.
M. Stratton, campaign director, has ap-
pointed a committee of seven to or-
ganize the workers. On this committee
are: R. R. Ellis, W. C. Johnson, R. W.
Bailey, J. R. Hyde, R. L. Jordan, F. N.
Fisher and Belling Sibley.

Simultaneously with the local drive
every Y. M. C. A. in the South will
conduct a drive to clear each associa-
tion of debt and to finance its work for
another year, as well as to contribute
to the Y. M. C. A. budget for state,
national and foreign work.

The success of the drive will enable
the management of the Y. M. C. A. to
obtain much greater efficiency from the
present equipment. In the past the ab-
sence of a well-organized system of fi-
nancing the work has made the chief
duty of the secretary staff that of
worrying over financial matters neces-
sary to keep the institution running.

Except for the \$7,000 that has been
paid out yearly for interest on the
present indebtedness, the local associa-
tion is now practically self-maintain-
ing.

With the institution freed from such
incumbrances and sufficient funds as-
sured to take care of the work for a
year in advance, the staff will be able
to devote its entire attention to serving
the membership and the community.

One new phase of work to be under-
taken is the enlargement of the in-
dustrial activities. At present the as-
sociation has a membership of some-
thing less than 3,000, but with the facili-
ties at hand it is believed that many
more thousands may be reached as yet.
It is proposed to visit these
plants and invite the employees to the
building. Special programs are to be
arranged for their entertainment in
order to interest the employees in the
Y. M. C. A. splendidly equipped gym-
nasium, the big swimming pool, read-
ing rooms and study classes. Certain
nights will be set aside for the em-
ployees of the various industrial con-
cerns of the city so that by arranging
a systematic schedule, the maximum
use of all the facilities of the associa-
tion may be opened up to the com-
munity.

CONDUCTOR CAUGHT BETWEEN TWO CARS

J. E. King, a street car conductor,
residing at 309 Union avenue, is in St.
Joseph's hospital in a serious condition
as a result of being crushed between
two street cars at Union avenue and the
Southern railway, at 5:35 o'clock Tues-
day morning.

King had alighted to readjust a trol-
ley pole that had slipped from the
wire. At that moment street car No.
175, operated by Motorman R. C. Car-
roway, approached from the rear. Car-
roway failed to stop his car and it
bumped into the rear of the other,
crushing King.

tion on President Island to Joe Sailors,

Dandruff Surely Destroys the Hair

Girls—if you want plenty of thick,
beautiful, glossy, silky hair, do by all
means get rid of dandruff, for it will
starve your hair and ruin it if you don't.

It doesn't do much good to try to
brush or wash it out. The only sure
way to get rid of dandruff is to dis-
solve it, then you destroy it entirely.
To do this, get about four ounces of
ordinary liquid arvon; apply it at night
when retiring; use enough to moisten
the scalp and rub it in gently with the
finger tips.

By morning, most if not all, of your
dandruff will be gone, and three or four
more applications will completely dis-
solve and entirely destroy every single
sign and trace of it.

You will find, too, that all itching and
ditching of the scalp will stop, and your
hair will look and feel a hundred times
better. You can get liquid arvon at any
drug store. It is inexpensive and four
ounces is all you will need, no matter
how much dandruff you have. This
simple remedy never fails. adv.

If you had been on the Arizona

HERE she comes, homeward bound, with "a
bone in her teeth", and a record for looking
into many strange ports in six short months.

If you had been one of her proud sailors you
would have left New York City in January,
been at Santiago, Cuba, in February, gone
ashore at Port of Spain, Trinidad, in March and
stopped at Brest, France, in April to bring the
President home. In May the Arizona swung at
her anchor in the harbor of Smyrna, Turkey.
In June she rested under the shadow of Gibrat-
tar and in July she was back in New York harbor.

Her crew boasts that no millionaire tourist
ever globe-trotted like this. There was one period
of four weeks in which the crew saw the coasts of
North America, South America, Europe, Asia
and Africa.

An enlistment in the navy gives you
a chance at the education of travel

Your mind is quickened by contact with
new people, new places, new ways of doing
things.

Pay begins the day you join. On board
ship a man is always learning. There is work
to be done and he is taught to do it well.
Trade schools develop skill, industry and
business ability. Work and play are planned
by experts. Thirty days furlough (vacation)
each year with full pay. The food is good. A
full outfit of clothing is provided free. Pro-
motion is unlimited for men of brains. You
can enlist for two years and come out broader,
stronger, abler. "The Navy made a man of
me" is an expression often heard.

Apply at any recruiting station if you are
over 17. There you will get full informa-
tion. If you can't find the recruiting station,
ask your Postmaster. He knows.

CENTRAL ORGANIZATION OF AGENCIES PLANNED

Organization of the social agencies
of the city into one large central body
for the purpose of jointly dealing with
matters having to do with their service
to the community, has been proposed
by the social agencies indorsement com-
mittee of the Chamber of Commerce.
A meeting to discuss the matter will be
called some time this week, according
to J. K. Morrison, secretary of the
committee.

It is the desire of J. A. Richman,
chairman of the indorsement committee,
for the social agencies of the city to ef-
fect an organization which will enable
them to co-ordinate their charitable en-
deavors. He wants it to be a sort of
self-governing body, which will control
all matters in the city pertaining to
social work. It is he necessary for his
committee then to act only in an ad-
visory and judicial capacity.

MARKET DIRECTOR TO CONSULT STATES' MEN

The mapping out of his program for
farm development will be started by C.
Watson, the new market director of
the Chamber of Commerce farm bu-
reau, by consultations with the agricul-
tural extension forces of the tri-states.
He hopes to meet three of the Tennes-
see agents—H. S. Nichols, West Ten-
nessee district agent; C. E. Brehm,
state market specialist, and William
A. Schoenfeld, assistant state director
of extension—in Memphis next week.
On Nov. 3 and 4 he intends to confer
with Arkansas agents at a joint meet-
ing of agricultural extension, experi-
ment station and agricultural college
leaders, which will be held at Fayette-
ville to map out the farm development
program for the next quarter in Ar-
kansas.

Between this time and the Arkansas
meeting he expects to go to Starkville
to meet Mississippi leaders of agricul-
tural extension.

TREZEVANT IS BUSY LOCAL COTTON MARKET

TREZEVANT, Tenn., Oct. 7. (AP)—
Local cotton buyers have figured up
their receipts for Saturday's business
and the day was one of the biggest cot-
ton days in the history of the town. In
round numbers there were about 40,000
bales of cotton sold here in the one
day. The market opened up at
\$12.05 per 100 pounds in the seed, but
fell off considerably before the day
closed.

Some big loads were brought in. One
load brought in by J. R. Hillman con-
tained 2,400 bales and sold for 12 cents
per pound and brought the seller \$418.22.
Another big load was sold by Mart Ad-
kinson, colored, for \$270. These two big
loads were bought by Blanks-Hurdle
Cotton company. The banks also had
heavy deposits and the merchants did
a big business. So all told Saturday was
one of the biggest days the town has
ever had.

PRAISES ALVIN C. YORK.

The Rev. E. S. Lewis preached on
"The Story of a Splendid Young Man"
Monday night at the Madison Heights
Methodist revival. The story is record-
ed in the nineteenth chapter of Mat-
thew. This young man had youth,
riches and a good reputation. But his
heart was away from his money. Trea-
sured a sharp distinction between
morality and religion, showing how mor-
ality deals with habits and religion with
character.

Mr. Lewis paid a glowing tribute to
Alvin C. York, and said that his pre-
scent efforts in behalf of his original
countrymen were worthy of the highest
praise.

Services will be held as follows: Morn-
ing at 10:30 and night at 8. The
singing is unusually good.

HICKMAN, Ky., Oct. 7. (AP)—Ray
Hamby, 11-year-old son of Mr. and Mrs.

dentally bitten by another boy in a

given no attention. He became very ill
Monday morning and a physician was
called, who declared he had tetanus.

offers \$50 reward for the arrest of a
